

# Medical & Trauma Moulage Workshop for Simulated Mass Casualty Experiences

January 10, 2014  
8:00 am – 4:30 pm

## WHO SHOULD ATTEND:

- First Responders/EMS
- Pre-Hospital responders
- Public Health Emergency Preparedness Facilitators
- MCI Training Coordinators
- Simulation Coordinators/Techs.
- Anyone who works with volunteers/simulation trainers or mass casualty incidents MCI

An Educational Workshop sponsored by  
Pomona Valley Hospital & Moulage Concepts

## About the Presenter

### Bobbie Jo Merica

#### Bio:

- Author:
  - EMSWorld Magazine; WOM, 2012-2013
  - Medical Moulage- How to Make your Simulations Come Alive; 2011
  - Moulage- Bridging the Gap in Simulation; 2009
  - Moulage Magic! Theatrical Tricks to bring Simulation to Life; 2007
- Owner, Moulage Concepts  
[www.MoulageConcepts.com](http://www.MoulageConcepts.com)
- HSEEP & TEEX Homeland Security Training
- "Moulage-The Art of Injury Simulation" Certification, Biological/Chemical/Terrorism
- Simulation Coordinator/Consultant

#### Teaching/Facilitation

- Trauma Nurse Symposium, 2013
- EMS Today Expo & JEMS, 2013
- Pomona Hospital Emergency Preparedness Drill, 2012
- Medical & Trauma Moulage for Simulated Clinical Experience; 2013, 2012, 2011
- SimGhosts; 2013, 2012, 2011 Las Vegas
- Bureau of Public Health Emergency Preparedness, Statewide Exercise/Vigilant Guard Exercise, 2012, 2011 Arizona
- Global Security & Engineering Solutions L-3 ACE Rail Radiological Drill; 2011
- Gathering of Technicians; 2011 UNLV
- "Moulage-Bridging the Gap" Asilomar
- "Moulage-Creating a story" Human Patient Simulation A Conference for Educators, RNCSC
- "Advanced Moulage" Intermediate Simulation Education Conference, RNCSC
- "Mastering Moulage" SUN, Bay Area Simulation collaborative
- "Mastering Moulage" RN-ASC Simulation Users Conference
- Moulage Magic: Theatrical Tricks to help suspend disbelief!
- Beginning/Intermediate Conference, RNCSC

#### Memberships/Affiliations

Simulation Technologies Specialist Advisory Board  
Rural Northern California Simulation Collaborative (RN- ASC)  
Northern California Simulation Advisory Board  
Simulation Technician DACUM, Panel Member

 **MOULAGE CONCEPTS**  
BRIDGING THE GAP IN SIMULATION

[www.MoulageConcepts.com](http://www.MoulageConcepts.com)

The following interactive workshop is designed to enhance realism in medical moulage and emergency simulation exercises while providing best practice techniques that assist the learner in "Bridging the Gap" in simulated trainings. This intensive, hands-on 8 hour course will be presented in a multifarious approach including

- scenario staging and techniques
- accessory moulage options
- wound care, reuse and storage recommendations
- time and money saving alternatives

## MOULAGE TECHNIQUES

Participants will:

- Learn to use make-up and household products to create common medical conditions and odors.
- Create soft tissue wounds and accessory moulage utilizing gels, latex, & waxes.
- Create life-like three-dimensional wounds that can be debrided and triaged for a realistic training experience.
- Create basic, intermediate, advanced and trauma wounds including, burns, lacerations, impaled objects and knife wounds.

**REGARDLESS OF YOUR SKILL LEVEL; WE HAVE A 100% SUCCESS RATE IN TEACHING YOU HOW TO TAKE YOUR SIMULATIONS TO THE NEXT LEVEL!**

Learn to create basic, intermediate and advanced trauma moulage designs utilizing latex, wax, geleffects, and construction materials. Your created wounds are yours to keep!

## DIRECTIONS

Pomona Valley Hospital Medical Center  
The Robert & Beverly Lewis Family Cancer Care Center  
1910 Royalty Drive  
Pomona CA, 91767

## MEDICAL MOULAGE & TRAUMA REGISTRATION FORM

Name: \_\_\_\_\_

Title: \_\_\_\_\_

Dept.: \_\_\_\_\_

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Email: \_\_\_\_\_

Contact Phone: \_\_\_\_\_

**Cost: \$350.00**

**(includes supply fee)**

**Space is limited- Register today!**
